**Assembly Instructions:**
**Attaching the 2 door Cabinet to the Bed:**

1. Align the 2 Drawer cabinet to the desired holes located on the inside of either, the left or right Side Rail. Attach the Plates (P) to the back of the cabinet (B) with (4) Bolts (T), loosely tighten with Allen Key (L). Align the remaining holes on the plate, to inserts located in the Side Rail (you may need to shift the cabinet for proper alignment). Use the remaining bolts to secure the plate to the side rail by using the Allen Key (L). Fully tighten all bolts to securely attach the unit to the Bed.

2. To adjust the levelers:
Carefully grasp one side of the unit and elevate it slightly to provide access to levelers. Turn the levelers until adequate contact is made to the floor. Carefully set the unit down. Repeat until the unit is level and stable.

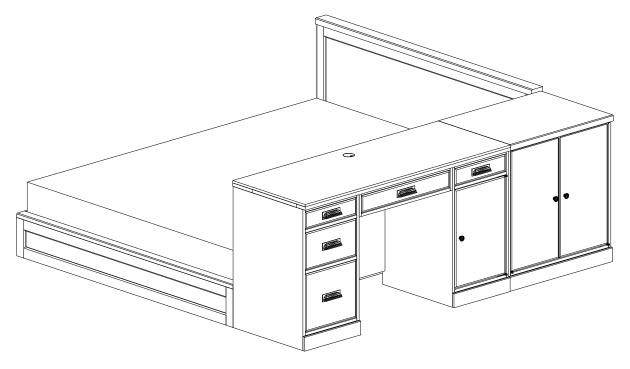

**Care Instructions:**
- Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.
- Dust often using a clean, soft, dry and lint-free cloth.
- To clean, slightly moisten cloth with water. (A damp cloth holds dust and prevents scratching; dry thoroughly).
